

### A VERY SUCCESSFUL YEAR

The High-School Graduates and Others to Hear Dr. Jordan's Final Address.

Gratifying Number of Pupils—Commencement Exercises, the Class and Manual Training—Event to Attract Attention of People.

The High-school Association will hold its fourth annual meeting at 8 o'clock Thursday evening of this week, in High-school Hall. The principal address will be by Dr. David S. Jordan, of Leland Stanford, Jr., University, California. Dr. Jordan's first educational work in Indiana was done in the Indianapolis High-school, from September, 1, 1875, to June, 1878, as a teacher in the department of natural science, and his last words in this State, for some time at least, with reference to educational matters will be delivered in the same school. An invitation to attend this meeting is extended to all high-school graduates and teachers, superintendents, members of the School Board and to those pupils who attended the school previous to July, 1878. The invitation includes the husbands or wives as the case may be of the persons indicated. Mrs. Carrie Tarleton Ball will read that evening a sketch of the Alpha Literary Society, and Fred Goodwin will give one of the Philomathean Society. The literary exercises refreshments will be served.

The educational influence of the high-schools of this city has been much greater and far wider in its scope than many realize. There have been enrolled in those of Indianapolis during the school year just ended 1,101 pupils. This represents one-third of the entire school population of the city, or more than one in every one hundred of the inhabitants. The high-schools since the reorganization two years ago. A large number of teachers in the public schools, about one-third, are graduates of these high-schools and of the normal.

At the year, on the attendance and number of graduates increase greatly. The class of January, 1891, numbered fifty-one, and the present June class has sixty-six members. The record shows that five two-thirds of the pupils have been girls and one-third boys, and it is an indisputable fact that the girls of many families are in very moderate circumstances are enabled to get an education they could not otherwise acquire. They are thus put on the way of earning their own livelihood and thus lightening the family burden. A still greater advantage comes to the community in the increased intelligence of its citizenship, and in the influence for good that is exerted by that intelligence. Instruction in the science department will be greatly enlarged during the coming year. Pupils are to have the privilege of individual experimental work in physics, chemistry and advanced botany for five hours each week. This will give twice the amount of time that has heretofore been accorded to this department. The new arrangement will be greatly facilitated by the employment of advanced pupils as assistants to aid the principal teachers in the subjects named. The numbers in the respective classes in the science department will also be greatly reduced, so that the instruction can be individualized.

The high-school commencement will occur next Wednesday evening, at Tomlinson Hall, when the graduates will be as follows, the girls, as heretofore, greatly outnumbering the boys:

Ida Ayres, Anna Belle Baldwin, Elizabeth Brown, Lillie Carroll, Katie Coleman, Lulu Cress, Bessie Curran, Gertrude Droege, Agnes Francis, Hattie Francis, Eva Goodwin, Elvira Goodwin, Grace Griffith, Flora Hamilton, Josie Hannon, Jessie Jolly, Flora Kometter, Nettie Lander, Bessie Macgill, Samuel Manning, Lucy Mays, Katie McCall, Katie Newby, Margaret Oakes, John M. Paver, Jr., Mary Richmond, Roscoe Ritter, Mary Simon, Myrle Simon, Daisy Steele, Jennie Spahr, Robert Williamson, Robert Williamson.

The exercises will consist of vocal and instrumental music, essays and declamations, and some attention will be paid to decorating the stage, in keeping with the event. The art and manual training departments of the school will be open to friends of the pupils and the public generally to-morrow evening and Tuesday afternoon and evening. These two departments are closely connected, and one can scarcely be spoken of without mentioning the other. The art department is under direction of Miss Rhoda S. Seilek, and has three large classes, the members of which have done very creditable work in free-hand drawing and sketching. The manual training department has been in charge of W. H. Bass for the past three years, and has been successful in not only what the pupils do in mechanical drawing and completed shop-work, but the pupils actually at work at bench and lathe. An exhibit of art work and products of manual training will be made in High-school Hall, where will also be shown the work of children of various grades of the public schools who are under the instruction of Jesse H. Brown. This will be illustrated by drawing, paper cutting and pasting and modeling in clay, the latter work being done by the youngest pupils. It is probable that the departments of the exhibit will be far better than it has ever been before. The instruction in these branches has been carried out with greater attention to detail and with more manual-training exhibits there will be much entitled to high praise. There are seventy-five pupils in the art department and about the same number of pupils in the sketching classes.

The Coming Bicycle Race. The bicycle race meeting July 11, at the Exposition grounds, will be even larger than at first counted upon. It is now stated that no fewer than one thousand wheelmen will be present, and the fifteen or more races to be given will be for prizes sufficiently large to engage the best talent and bring out the best speed. The League of American Wheelmen will give to contestants \$300 in gold medals; the steel pulley and machine-works of this city a \$100 Eclipse bicycle of special make; the Indianapolis Bicycle Company an \$85 wheel; H. T. Hearsey a boy's wheel, \$25; Gormully & Jeffrey, of Chicago, a \$50 gold medal. Other prizes will be forthcoming. Indianapolis has two of the principal officials of the League of American Wheelmen, H. T. Hearsey, chief counsel, and A. C. Newby, secretary and treasurer. The Cycling Club has refitted its parlors in the Lorraine building, and will keep open house to all visiting cyclists.

Flower Mission Fair. At a called meeting of the Flower Mission last week, it was decided to give another fair this year, to follow the chrysanthemum show, at Tomlinson Hall. "The Flower Mission Library Party" was the name adopted, and the plan will somewhat resemble a carnival of authors. The evening entertainments will be the "Doll Ballet," described by Miss Annie Porter in a letter written and received by Mrs. T. P. Haughey; Mrs. V. K. Hendricks; Mrs. Julia Goodhart; Mrs. Kate Bowles; treasurer, Mrs. C. F. Sayles, and secretary, Mrs. J. W. Beck.

Loyal Legion's Fourth. The committee of the Loyal Legion to which was referred the matter of exercises on July 4 has agreed upon a programme, which will embrace a short oration and

patriotic music, both vocal and instrumental. The exercises will be held in the First Presbyterian Church at 10:30, the oration being delivered by Rev. Cyrus S. Bates, of Cleveland, O., chaplain of the Ohio Commandery, and a member of the Grand Army. He was an Ohio soldier and has a good army record. As a speaker he is held in high respect, and his address is known. The musical part of the programme has not yet been arranged. Every-body is invited to attend.

Honoring Rev. J. H. Clay. Bethel A. M. E. Church, through the financing of its pastor, Rev. J. H. Clay, is out of debt, \$8,000 having been collected during his incumbency. The young people have arranged a testimonial in his honor, for to-morrow evening, in the form of a concert under the direction of Messrs. L. D. S. Christy, R. W. Thompson and L. A. Newby. The program will include: Misses Sadie Stapp, Roxie B. Jones, Ella Gibbs Thompson, Lillian Thomas, Laudonia Williams, Kate Baker, Lillian Scott, Misses Sadie Stapp, Nettie M. Christy, Hon. J. S. Hinton, Rev. James A. Davis, R. W. Thompson, L. A. Newby, H. A. Hall, E. O. Osborne and Chas. Lewis.

Events to Occur. A rose tea will be given at the Propylaeum, Tuesday afternoon, from 4 to 10 o'clock. A novel entertainment has been prepared, which promises to be unusually attractive. The tea will be given under the auspices of the ladies of St. Paul's Church.

Extra cars will be run on the street railway to key on the Brightwood line to accommodate those who wish to attend the Murphy meeting at that place. The cars will leave the corner of Washington and Madison streets at 6 P. M.

A moonlight picnic will be given by the members of the Organ-fund Society of the Central-avenue M. E. Church, next Friday evening, at the residence of Mr. and Mrs. W. D. Cooper, No. 173 College avenue. The young ladies have arranged for several novel features with music for the evening.

"An evening with Mozart" will be the title of a musical entertainment to be given at the residence of Mrs. Edward King, No. 180 North Illinois street, Tuesday evening, for a charitable object. Miss Carrie Bell, a young missionary, who was sent by Mayview church, will be the soloist. Mr. Frank Fowler, the Schubert Quartet and others will assist.

The thirty-second recital of the School of Music will be given to-morrow evening at Plymouth Church. A programme of ten numbers, of solo and concerted music, will be presented. The record shows that five two-thirds of the pupils have been girls and one-third boys, and it is an indisputable fact that the girls of many families are in very moderate circumstances are enabled to get an education they could not otherwise acquire. They are thus put on the way of earning their own livelihood and thus lightening the family burden. ### PEOPLE'S PARTY CAMPAIGN

Executive Committee Resolves to Shun All Overtures for a Coalition.

Session at St. Louis Adjourns After Adopting a Constitution and Deciding on the Kind of Ammunition to Be Used During 1892.

ST. LOUIS, June 13.—Contrary to expectation, to what the committee gave out this morning, the executive committee of the People's party completed its labors this evening. The delegates expected to have voted enough to keep them busy two or three days, but they metaphorically pulled out their shirts and girded their loins, and got down to work with a will, clearing up the table in short order. Five members of the committee were present at the Laclede Hotel where the session was held. Those here were Hon. H. E. Taubeneck, of Illinois; George F. Washburn, of Massachusetts; William Weaver of Iowa; A. O. Williams, of Kansas; and M. C. Rankin, of Indiana. Ignatius Donnelly, of Minnesota, and Mr. Davis, of Texas, had engagements which they could not postpone, and wired their inability to be present. Robert Schilling, secretary of the national committee, acted as secretary of the meeting, which was held behind closed doors.

The first business to come up was reports from gentlemen representing different States. Gen. J. B. Weaver, of Iowa; George B. Gathings, of Ohio; J. H. Davis, of Kentucky; M. W. Wilkins, of Kansas; Col. S. F. Norton, of Chicago; Dr. S. F. Smith, of Kentucky; and others reported that the prospect of success in their States is most favorable. In Kentucky and Ohio a special fight will be made and the active work of preparing for the campaign is left in the hands of Chairman Taubeneck and Mr. Robert Schilling.

The secretary was instructed to establish a literary bureau to furnish items of interest to the reform press, which now numbers between six and seven hundred papers. A weekly letter is to be prepared and published by these papers. A medal was ordered, to be struck commemorative of the party's convention at Cincinnati on May 19. The medal is to be made of aluminum, and is to be distributed to the different alliances to be sold, the proceeds of which is to be devoted to campaign purposes next year.

A constitution was adopted for People's party. These organizations are to be formed in wards, townships and counties, all to be under the supervision of a central club in each county. The committee agreed to and instructed the chairman and secretary to prepare an address to the people of the United States, after which the following resolution was adopted:

Resolved, That in all States where there is no independent political organization, the members of the national committee of such State shall, when they organize the several counties of the State by the appointment of county committees as provided in the constitution of this committee on May 21, 1891, have the right to add to their number any such members as they may name, who shall, when constituted an executive committee of the People's party, with full power to elect their own officers.

The above resolution was prepared by Ignatius Donnelly and sent here. The following resolution is the most important action taken by the party in view of the fact that it is a refutation of the charges of discrediting which were so freely made during the Cincinnati convention. The resolution follows:

Resolved, That the national executive committee is unalterably opposed to fusion with any other political party, and will not recognize any individual, committee or organization that proposes or attempts such fusion as affiliated with the People's party.

After the adoption of this resolution the members entered into a general discussion of the best campaign policy to be pursued during 1892. The consensus of opinion was that the principal issues to be contended for will be the anti-trust policy, the opposition to banks of issue and to advocate government control or ownership of the means of communication and transportation (telegraph and railroad), and to uphold the interests of the wage-earners as against the encroachments of capital.

After the discussion of some routine business the committee adjourned, subject to the call by the chairman. After adjournment Hon. H. E. Taubeneck, the chairman of the executive committee, said that both national and State tickets will be nominated in many States, and he thinks it probable that local organizations will be made for smaller offices. Mr. Rankin said that the committee will formulate plans for raising money and for campaign literature, and that the delegates of the late Cincinnati convention were of the opinion that the party at large could not pledge itself to the purchase of arms as many different local issues were involved in different States.

The leaders of the People's party have received overtures from prominent Knights of Labor suggesting that inducements be offered members of that organization to join the People's party, but Taubeneck has rejected the latter is too exclusively agricultural in its tendencies. The Knights propose additions to the platform by the addition of the word "protection," which he believes the party may be strengthened in manufacturing States, but the stand taken by the Knights on the eight-hour day does not meet the approval of the farmers.

Utah Republicans Must Be United. SALT LAKE CITY, U. T., June 13.—The Republican territorial committee met in this city this afternoon and adopted the following resolutions:

A division by loyal men on party lines in Utah at this time would be an irretrievable mistake, as it would place absolute rule in the hands of the first president of the Mormon Church. It would result in giving staidness to the territory, and the majority of the people of Utah is not yet prepared to accept the trust of statehood, because the majority of her people still maintain a higher allegiance to the throne than to the government of the United States. The material and political interests of Utah imperatively demand the union of all loyal people of the Territory until there shall be absolute and unqualified abandonment of polygamy, and until reasonable evidence shall be shown that the men who control the Mormon Church have finally determined upon a complete separation of church and state in this Territory.

This committee views with sincere regret the drifting off of a few Republican party lines, and looks with confidence to their speedy return to the party that has made possible such advances in the political, social and material progress of Utah as have thus far been accomplished. Only one member out of a total of fifteen dissented.

Rebellious Cincinnati Democrats. CINCINNATI, O., June 13.—The Democratic executive committee of Hamilton county, at a called meeting this evening, indulged in a debate in which Governor Campbell was scored severely by all the numerous speakers except one, and a resolution to appoint a committee of ten to express the sense of the committee on Governor Campbell was offered, but was not adopted. The action of the committee, however, was its deposing the Democratic State central committee and appointing next Saturday for the Democratic primaries to elect delegates to the Democratic State convention and fixing Hamilton county as the headquarters for the Democratic State central committee.
